

OPTISABER® Series

Universal Laser Cleaver OS7100

Laser Cleaving Excellence

The OptiSaber® Laser Cleaver is the finest fiber forming machine on the market which increases production yield on universal fiber connections. Significant cost savings and reduction in process variation associated with cracking typical of mechanical cleaving methods. Additional time savings include uniform starting point for less polishing, elimination of safety concerns (minimize handling of scrap fiber) and reduction in the overall cost of terminations.

Significantly Increase Throughput

Benefits at a Glance:

- Compact: 21" x 9" x 4-3/4"
(530mm x 228m x 120mm)
- Fast, reliable & affordable
- Quick change adapter inserts
- Eliminate cracking or chipping associated with mechanical cleaving
- Eliminates handling of scrap fiber associated with mechanical cleaving
- Interchangeable Adapters: MT, TMT, SC, LC, LC Duplex, CS, SN, and MDC
- 120/240 volt available
